Freedom, national; Slavery, sectional! ADVERTISE PROTECTION TO AMERICAN INDUSTRY AND NOT ANOTHER INCH OF STATE TERRITORY BY EXTENSION, PARLANCE, OR CONQUEST.

THE OCTOBER ELECTIONS. Returns, Comparisons, &c.

PENNSYLVANIA.—We are indebted to M. H. Taggart, Esq., at Harrisburg, for official returns from 53 of the 66 counties of the State, which foot up—

Table with 3 columns: County, Opponent, Majority. Includes entries for Cochran, Wright, Keim, Kowa.

The counties to hear from are Bedford, Blair, Clearfield, Crawford, Elk, Forest, Greene, Jefferson, McKean, Northampton, Pike, Tioga, and Venango. These counties we think will not vary the result 1000 from the above.

We elect 10 of the 11 Senators, and the Legislature probably stands—

Table with 3 columns: House, Opponent, Majority. Includes entries for Senate, House, 88, 45-43 maj.

OHIO.—We have gained both branches of the Legislature, insuring a Republican U. S. Senator in place of Pugh, and WM. DENNING, Jr., for Governor, with all the State Ticket, by 15,000 to 20,000 maj.

MINNESOTA.—We have gained the State Officers, Congressmen, and both branches of the Legislature, insuring a Republican U. S. Senator in room of Shields, Douglasite. ALEX. RAMSEY, formerly of Harrisburg, is the new Governor.

IOWA.—The Republicans seem to have chosen S. J. KIRKWOOD, Governor, with the whole State Ticket, and a Legislature to fill the place of Harlan, Rep., in the U. S. Senate.

INDIANA looks favorable as far as heard from. Election for county officers and Secretary of State only.

—Well done for October! We gain one Governor, three State Legislatures, two U. S. Senators, two Congressmen—and in Pennsylvania elect an Auditor General and Surveyor General for the first time in our history!

UNION COUNTY.—The full returns will be found on our first page. Our vote is about 250 behind the last for President. Of the 10 candidates, 2 had no opponent, 5 had an average maj. of 524, and 3 fell 245 behind on an average, from local and "sectional" causes that we may hereafter touch upon.

Hayes has a maj. over every one or the other opponent in every box, and Roush has a maj. in every box. (By the way, at four elections, Uncle Sam passed from a minority of 139 up to a maj. of 126, then 237, and now 370! Some of our party propose him as the Democratic "compromise" candidate for President, to give us a chance for that "change" in the Prothonotary's office.)

We took no part whatever, either open or private, in forming our Ticket, but when it was settled in the usual and authorized manner, we stood by our cause and our candidates fairly, and used all honorable means to persuade our party friends to sustain them, on the sound principle, "Do as you would be done by." Enough voted otherwise to defeat three Republicans and elect three rigid Democrats to fill good offices for three years to come. We submit with all the grace possible!

Personally, we do not and have not a word to say against our successful opponents—Messrs. ROUSH, BUCHER and KELLY. From the outset we admitted they were fair men, and knew they were strong. We sincerely and heartily wish each of them a happy, useful, and honorable official career—and Republican successors!

SNYDER COUNTY.—Our friends here are deserving of all praise. The leading men buried their old grudges, and united in giving every man on their Ticket, majorities ranging from 374 to 614!... The Seisingrove Times (with the party) took a special leave to Mr. Ritter, and assailed Mr. Hayes, week after week, with the \$200 Extra Pay falsehood and the \$600 Roush Judgment. The influence of those false charges is seen in the votes, viz.

Table with 4 columns: County, Opponent, Majority, Ritter. Includes entries for Snyder, Wayne, Crawford, etc.

Thus giving Hayes a maj. over Ritter in every district in that county. Wagnonseller has a maj. over both Elder and Ritter, in every district....The vote for Hayes is ample proof that our friends have acted in good faith throughout. No may it be believed in both counties!

Total vote 2210 2038 2545 6793 Hayes' maj. over Elder 603 do over Ritter 1018 Wagnonseller over Elder 683 do over Ritter 892

NORTHUMBERLAND, out of nearly 5000 votes, gave Adm. majorities of only 587, 534, 434, 364, 257, and Opp. majorities of \$12 for Bisel for Assembly, and 521 for Rohrabach for Treasurer. The following was the vote in the "Upper End":

Table with 4 columns: County, Opponent, Majority, Ritter. Includes entries for Chillisque, Milton, York, etc.

David Rockefeller was re-elected County Surveyor without opposition. (Keim had a larger maj. in Union than Roush had in North D. Snyder county also beats Northumberland on the State Ticket.)

JOSEPH GENSAL, late of Chillisque, is elected Sheriff of Sullivan county by the Republicans, who elected the Coroner also. Good for little Sullivan!

The Clerks for the Lyeomington County Return Judges are not the best in the world. A few years since, they elected by a miscount, Esq. Pawling, of White Deer Valley, to the Legislature, instead of Gen. Packer, now Governor. This year, by a miscount of 100, Mr. Kabler, the Democratic candidate for Treasurer, received the certificate of having been elected by 7 maj. It is subsequently discovered that Thomas Waddle, of Jersey Shore, has, in truth, 93 maj. He is the only one of the Opposition Ticket elected this year. "Better luck in turn next time."

A voter in a drug store in Connecticut once (by mistake) put in the box a ticket which was returned for "Cream of Tartar!" A voter in Lewisburg, last week deposited as his ballot, a Bridge Toll Paper—very good, but the most "scattering" shot of the season!

"ALT BERS," last year gave Porter 4,600 maj. over Read, but this year gives Rowe only 817 maj. over Keim, 558 only for Sheriff, and the largest majority against the Opposition is only 1265, on a large vote. It will be remembered the Buchanan ticket was composed of half Whigs and half Democrats, so that the Administration had to get the Whigs to keep them up in Old Bets!

—Buchanan's maj. over Frem and Fillm. was 6749 1852—Packer do Wilmot 8,922 1853—Porter do Read 283 1854—Wright do Cochran 1,193 This is the way the Sham Democracy are "wilted down" in this famed county!

LANCASTER pours out an old-fashioned majority of 4169—more than two to one. The smallest Opposition majority in the county is 3469. The city gave 330 Opp. maj., having given Buchanan 1100 maj. three years ago. Mr. B. was at home during the election, but left that evening in disgust. Of the 49 election districts, only 3 gave a maj. against Cochran!

SCHUYLKILL gave Opp. majorities of 345, 497, 489, 68, 814, 456, 422, 543, 271, and 298, and Adm. majorities of 68 and 21 only. Over 9500 votes were polled.

UPS AND DOWNS.—The highest vote polled in Milton, this year, was 257, against 359 for President in 1856. The North Ward in Lewisburg polled 263 for Commissioner, and the South Ward 219 for Prothonotary—482 in all, against 519 for President in 1856. But Lock Haven polled 499 for Judge, against 358 last year—an increase of 141. (Judge Gamble, it is stated, had a special court until 10, P. M., of the night before election, issuing naturalization papers! There is an increase of 200 or 400 votes in Clinton county, by the Railroad operations.)

ISAAC G. GORDON, Esq., of Brookville, (late of Lewisburg,) is elected to the Legislature from the Clearfield, Jefferson, Elk and McKean Representative District. The Republicans elect Sheriff and Assemblyman in Fayette, and two Assemblymen in Westmoreland and Armstrong.

Weidman, Independent, surprised all by getting a majority, in Lebanon county, for District Attorney.

Perry county gave the largest vote, this year, ever given by it, but no one man received 100 maj. Rev. David Shaver (Opp.) is elected Associate Judge with a majority of the offices of that stamp.

An annoying mistake was made in the tickets of the People's Party in Philadelphia; the tickets folded for one part of the city were sent to another, and vice versa, and a large number of them were voted before the mistake was discovered.

Sam. Linn, Esq. has over 450 majority over Hon. Jas. Gamble, for Judge.

OMISSIONS.—We last week forgot to notice that the appointed Opposition meeting in Millburg, 7th inst., failed on account of the absence of the expected speaker, Hon. J. W. Killinger, who had intended to be present, but was prevented by an attack of remittent fever, (from which, as we infer from his letter this week he is recovering)....Monday evening preceding election, the Republicans held a meeting at the Court House in Lewisburg—James Kelly in the Judge's chair, with Jacob Hummel and Michael Brown Associates; Music by the Band; short speeches by Messrs. Worden, Slifer, Miller, Jones, &c.

On Friday, of the County Fair, the "Harmony" and "Young America" Fire Companies of Milton, visited Lewisburg, and, with the "Valiant" of Lewisburg, paraded our streets—the Harmony with their hydraulic, the America and Valiant with their engines. The Valiant claims to have thrown the highest stream of water.

Thanksgiving Proclamation.

FELLOW CITIZENS! The blessings purchased by a kind Providence through the past year, demand our grateful recognition, and again call for the sacrifice of thanksgiving and praise. Under the protection of a government that secures to all, equal rights, we have pursued, unmolested, the various avocations of life, with more than usual prosperity. The earth, under the labors of the husbandmen, has yielded her increase, and our barns and store houses are crowded with the fruits of the harvest. We have not only been preserved from the ravages of the pestilence, but health in our large cities and throughout all our rural districts. Our country has been preserved in peace. Our homes have been the abodes of tranquility, and blessings innumerable have clustered around our domestic hearths. Our various schools and seminaries of learning are diffusing throughout our country a higher intelligence, and imparting to our youth noble aspirations. The institutions of our holy religion are well sustained and under its pure and genial influence the spirit of unity and love, the earnest of yet better days, is most happily developed. To God, the great and good, we are indebted for all and to him let praise be rendered.

With these sentiments, and in accordance with the known wishes of many of my fellow citizens, I, WILLIAM F. PACKER, Governor of the Commonwealth of Pennsylvania, do hereby appoint Thursday, the twenty-fourth day of November next, as a day of General Thanksgiving and Praise to Almighty God, and recommending to my citizens, to lay aside on that day, their customary worldly business—assemble in their respective places of worship, and unite in praising God for His excellent greatness and loving kindness toward us—beseeching his gracious forgiveness, and the continuance of his goodness, and imparting to our countrymen, and the Great Seal of the State, at Harrisburg, this fourteenth day of October, in the year of our Lord, 1859, and of the Commonwealth the 8th.

WM. F. PACKER, By the Governor: WM. M. HERRICK, Secretary of the Commonwealth.

The Funeral Oration on our first page, we have heard extolled, as superior to anything from the lips of Daniel Webster. Its author is an Englishman, once a Whig Congressman from Illinois, next a Colonel in the Mexican War, and late Republican candidate for Congress in California. His Oration has genuine, soul-stirring eloquence, and much of true philosophy. Would that BRODERICK had remembered, that his life was not his own—that the cause of Freedom had a claim upon him—that he owed four years of a Senatorial debt to California—and that his example was most pernicious! He might have been assassinated by those who sought his destruction, but yet we think he would not; and if he had been, a death for the Right in that form would have been far more efficacious than in the miserable mode by which he forfeited his life, and marred his reputation.

Another political duel has since occurred, between a Lecompton and an Anti-Lecompton Democrat, in which the former was shot dead. Broderick will doubtless be succeeded by one of the worst of his opponents, who are already contending for his seat.

Terry—the moral murderer—it is said resigned his judicial station, and has fled into some retired place, waiting for the popular wrath to subside. [Judge T. is since bailed in \$10,000.]

It is sometimes amusing, after an Election has closed, to get papers from a distance, issued on the eve of an exciting contest. This week we received FRANK ZIMMACH's Iowa paper—the Sioux City Register—battling valiantly for Democracy, bristling with capitals and exclamations, and calling on the inflexible to rally for "Dodge and Victory!" "Babbitt and the Slaps!" (Dodge was their candidate for Gov., and Babbitt for Lieut. Gov.) Our returns indicate that DODGE did "dodge" victory, and BABBITT is on the downward "slope!"

Accident to the President. President Buchanan on his return to "Wheatland" on Wednesday, left the cars at Wrightsville to walk the bridge to Columbia, as is his custom. On the way, says the York Star, he met several acquaintances from York county, and turned to speak to them, and while in the act his foot met some obstruction, and he fell. He was stunned by the fall, and was assisted to arise by his friends; after a few minutes rest, he recovered sufficiently to continue his walk to Columbia.—Baltimore Sun.

Murder by a Louisiana vigilance committee. A vigilance committee in Lafayette parish, La., visited the house of Bernard Lacouture, who had been "warned" on the night of the 30th ult., and calling him to the door, shot him dead. The mother of the victim attempted to get a warrant for the arrest of his murderers, but the magistrate refused to receive her statement, and the coroner resigned rather than hold an inquest over the body.

HAIL STORM.—On Saturday afternoon we were in the cars between Georgetown and Trevorton bridge, when the dark and heavy lowering clouds discharged a shower of hail stones as large as pigeons eggs, and some like walnuts, which came rattling over the metallic roof of the cars like a shower of gravel. There was but little thunder or lightning during the storm, the bars of Henry Labr, in Lower Mahanoy, was struck by lightning and consumed, with all its contents of wheat, oats, corn, and farming implements. Mr. Labr's loss is about \$1,000, and falls heavily upon him.—Sandy Bay American, 15 inst.

Senator Broderick was attached to the Catholic church, but the Priests of that faith would not allow him to be buried in any of their cemeteries. With all their personal respect and love for him, they adhered to the law, which, for twelve hundred years, they have obeyed—never to bury a duelist or a suicide in consecrated ground.

St. Louis, Oct. 17.—John Calhoun, ex-Surveyor General of Kansas and Nebraska, late President of the Lecompton Constitutional Convention, died at St. Joseph, on the 13th inst.

Senator Seward intends to visit Egypt before returning homeward.

Insurrection at Harper's Ferry.

[The American people everywhere this week were startled by news of a most singular and violent outbreak in Harper's Ferry, a large town on the Potomac, in Virginia, just over the Maryland line, where the U. S. Government employ a large number of men in making and repairing arms. The following is the first despatch:]

"FREDERICK, Md., Oct. 17.—An insurrection is reported to have taken place at Harper's Ferry. The express train running east was fired into twice, and one of the railroad hands, a negro, was killed while trying to get the train through the town. The mob arrested two men who came in with a load of wheat, and took the wagon, loaded it with rifles, and sent it into Maryland. They are led by about two hundred and fifty whites, with a gang of negroes fighting.

The Army was taken possession of about 9 o'clock on Sunday night. So quietly was it done, that the citizens knew nothing of it till the train was stopped.

BALTIMORE, 4 o'clock P. M.—Another account brought by the train which has just arrived says the bridge across the Potomac was filled with insurgents, all of whom are armed. Every light in the town had been extinguished, the hotels were closed, all the streets were in possession of the mob, and every lane leading thereto is barricaded and guarded. Men were seen in every quarter with muskets and bayonets, who arrested citizens, and pressed them of the negroes in a similar manner. This being done the United States arsenal and Government pay-house, and all the other public works, were seized by the mob. Some are of the opinion that the object of the rioters is to rob the Government of the funds deposited on Saturday at the pay-house. During the night a demand on the Wager Hotel, for provisions, was enforced by a body of armed men. The citizens were in a terrible state of alarm, the insurgents having threatened to burn the town.

[President Buchanan and Governor Wise, promptly ordered military forces to the scene of confusion, by railroad, others went from Baltimore. The train comprised 17 cars, with 400 troops, and laborers &c. to repair the roads and telegraph lines.]

In view of the possibility of the disturbance at Harper's Ferry extending to this vicinity, the Mayors of Washington and Alexandria have taken precautionary steps for their immediate suppression.

It has been suggested, by well informed persons, that the cause of the insurrection is the reported fact, that not long since, the Contractor for the construction of the Government Dam at Harper's Ferry abandoned, largely indebted to several hundred employees, who have taken this step to indemnify themselves, by the seizure of the Government funds, which it was supposed, had been transported thither on Saturday. A gentleman who has just arrived from Harper's Ferry thinks the blacks are only participants in the outbreak from compulsion.

[There are three different persons reported to be the leaders, one is called "Old Brown of Kansas," another is "Bill Smith," another is "Capt. Cook of Pennsylvania." One "Allen Evans of Connecticut," is reported dying, and to have said that it was all a plan to revolutionize, and make Maryland and Virginia, Free States. One who visited the camp of the mob returned stating that they comprised 500 or 600 negroes, and 200 or 300 whites, all armed to the teeth. Many other stories are afloat.]

BALTIMORE, Oct. 18, two o'clock A. M.—News of a serious character is now being transmitted over the wires, the line to Harper's Ferry having been repaired. An engagement had taken place at the Bridge, resulting in the loss of life.

Three o'clock A. M.—The town has been taken possession of by companies from Charleston and Shepherdstown, Va., and Frederick. The rioters are entrenched in the Armory, and Mr. Washington and Mr. Lagendfeld, with many other citizens are among the prisoners.

Col. Shriver, of Frederick, has just had an interview with Capt. Brown in the Armory. He asked to be allowed to march out with his men, and avowed his intention of defending himself to the last. His men are very strongly posted in the engine house, and cannon can not be used against them for fear of injuring the prisoners they still hold. Some sixteen persons are known to have been killed.

Col. Lee, thinks there are abundant troops on hand to capture the rioters, and seems perfectly certain that the original party consisted of not more than twenty white men and five negroes. It is reported, but not confirmed, that the rioters have carried off a considerable amount of the Government funds. No attempt was made to pillage the town or insult females.

LATEST.—The troops, after asking the rioters to surrender in vain, stormed the arsenal, killing one or two, and others being shot while attempting to escape. The leader says he is "Old Brown of Ossawatimie"—that he had no accomplices, except those with him—that he intended to set the slaves all loose, and establish a new Government. A son was killed by his side, and he is very dangerously wounded. He says he has plotted this thing for months, thinks he was right, and claims honorable treatment, as they did not rob the treasury, or commit any unnecessary personal harm. The whole outbreak is suppressed, and the only question now is whether the handful of prisoners shall be tried by Virginia or National Courts. A brisk search for the insurrectionists who escaped, is instituted.

The steamer Indian at Father Point on Monday brought four days later news from Europe. The repairs on the Great Eastern are progressing, but it is doubted whether she will be ready for sea this month. Spain requests to be represented in a general Congress should one take place. The French Government will send from twelve to fifteen thousand more troops to China. The Bey of Tunis is dead.
